AUGLAIZE GARDENS

VAN WERT, OHIO

OFFER NO. 1

5 World-Famous Peonies for only \$5

Last year we offered five world-famous peonies for \$5.00 as a before-blooming special. Quite a few people have asked us to repeat this offer this year, so we have decided to do so.

Note the very high grade of all of the varieties which are offered—all of them rated above 9.0 by the American Peony Society—and with the exception of Solange all are excellent garden or landscape varieties. These are all husky Auglaize Garden divisions with at least five major eyes and plenty of strong roots to start the plants vigorously.

LE CYGNE, 9.9—The world's highest rated peony. A wonderful flower of exquisite beauty and grace. Symmetrical large creamy white to white flowers. The plant has dark green foliage, strong stems and is of medium height, blooming in midseason.

MRS. EDWARD HARDING, 9.3—The original Hundred Dollar peony. Another outstanding white peony entirely different from Le Cygne. Clear clean white, delicate flowers carried on stiff stems, and a very free bloomer.

MARTHA BULLOCK, 9.1—An exceptional peony in that it combines exceptional size with beauty and fine quality to a much greater degree than is usual. The color is bright old rose pink, and the flowers are carried on tall stiff stems and possess a rose-like fragrance. Late mid-season.

WALTER FAXON, 9.3—Sometimes spoken of as the only real pink peony. The flowers are medium in size and globular in form, the stems and foliage of good quality. This flower to be at its best should be disbudded.

FUYAJO, 9.2—A distinct and desirable Japanese peony. The out petals are a rich mahogany red, and surround a center of dark red petaloids, tipped chamois. Strong tall stems. Medium size flower, blooming in midseason.

OR, if you do not care for a red flower in the collection, you may substitute Pride of Essex, a beautiful, large, pale rose-pink flower of rather loose form and a good decorative plant in the garden. Tall with stiff stems. No other substitutions allowed.

OFFER NO. 2

A Smaller James Boyd Collection for \$7.50

Last fall we offered a collection for \$25.00 that we termed the James Boyd collection, made up of 12 outstanding varieties selected by the late Mr. James Boyd, editor of the American Peony Society Manual. We had quite a number of people ask us if we couldn't offer a part of this group as a lower-priced collection, so we have cut this collection in half and taken out Alice Harding and Mrs. A. M. Brand, as they are quite high in price, Le Cygne, Mrs. Edward Harding and Walter Faxon because they are in our No. 1 collection, and Tourangelle because it is not an especially good landscape variety. This leaves the following six varieties:

KELWAY'S GLORIOUS, 9.8—One of the finest of the white peonies and which runs Le Cygne a very close second. Many people prefer it. It's of medium height, free flowering and fairly good stems. The flowers are of immense size and somewhat flat in shape. It should be in every good collection.

MME. JULES DESSERT, 9.4—An old flower, but of such exceptionally high quality that it is worthy of a place in any collection. Tall, splendid habit, thoroughly reliable. Flesh-white in color.

PHILIPPE RIVOIRE, 9.3—The finest red peony in general cultivation today, of medium size and will not burn even in strong sun.

PRESIDENT WILSON, 9.3—Very large bright rose-pink flower, has a rich spicy fragrance and of medium height. Considered by many the best of the Thurlow introductions.

THERESE, 9.8—The highest rated pink peony in the world and which continues its popularity in spite of new introductions. Splendid in form, texture and color.

SOLANGE, 9.7—A flower different in color from any other of the better known varieties. It's creamy white with a suffusion of buff and pale salmon pink. The flower is extremely large and heavy and because of this fact generally requires some support.

BOTH OFFERS TO ONE ADDRESS, \$12

All prices f. o. b. Van Wert, Ohio

We guarantee that the total price of these varieties as listed in our regular price list will be at least 50 per cent higher than the price quoted herewith. This is your opportunity to obtain some of the outstanding varieties which should be in every planting. Peony prices are strengthening and this may be your last opportunity to obtain such fine varieties at such reasonable prices. Just sign your name on the margin or reverse of this sheet with your address and enclose your check. These offers are before-blooming offers and are not good after June 10. The prices are made exceptionally low so that we may get in some cash for immediate use, therefore we limit the time in which they may be accepted.
